Hello JMSW Students,

We are excited about you joining us in the fall semester! You should have received information from your respective home institutions’ (North Carolina A&T State University or The University of North Carolina Greensboro State University) Graduate Schools regarding registration. We will follow UNCG academic calendar and classes will begin on August 17th. You will need to be registered for your fall classes no later than August 6th, 2015. Any delay in your registration might prevent you from having access to the required resources for your courses.

Please visit the [www.JMSW.org](http://www.JMSW.org) website for updates and information about fall courses and orientation. The JMSW Student orientation will be August 13th & 14th in Stone Building room 204 at UNCG. There will be an "orientation 2015" link on the JMSW website that will provide information on parking and a campus map.

I encourage you to register for fall courses ASAP! The fall course schedule can be found under the new student tab on the JMSW website. You DO NOT NEED TO REGISTER for SOWK 784/600 – Field Education Seminar I, as we will inform you of the section in which you will need to register.

For additional JMSW information (i.e. advisor list, book list etc.) please visit the [www.jmsw.org](http://www.jmsw.org) - Current student tab then student information tab – the password is - JMSW Program.

Feel free to contact me if there are additional questions!

J Shears
