

Jessica M. Dollar, Ph.D.

Department of Kinesiology
The University of North Carolina at Greensboro
Greensboro, NC 27402

jmdollar@uncg.edu
(919) 619-2849

EDUCATION

2008-2011	Ph.D.	The Pennsylvania State University Human Development and Family Studies
2005-2008	M.S.	The Pennsylvania State University Human Development and Family Studies
1999-2003	B.A.	The University of North Carolina at Greensboro Psychology

PROFESSIONAL POSITIONS

2019 – present	Adjunct Assistant Professor	The University of North Carolina at Greensboro Department of Psychology
2019 – present	Adjunct Graduate Faculty Member	The University of North Carolina at Greensboro
2016 - present	Research Scientist	The University of North Carolina at Greensboro Human Development and Family Studies
2012 - 2016	Postdoctoral Fellow	The University of North Carolina at Greensboro Human Development and Family Studies
2003 - 2005	Project Coordinator	The Center for Developmental Science The University of North Carolina at Chapel Hill Durham Child Health and Development Study

RESEARCH INTERESTS

- Role of emotional development, especially the development of positive affect, on psychological, social, and physical health outcomes from childhood through adolescence
- How self-regulation influences trajectories of risky health behaviors and cardiometabolic risk
- Emotional components of reward sensitivity
- Childhood predictors of the co-occurrence of cardiometabolic risk and substance use in adolescence and early adulthood

PUBLICATIONS

Peer-Reviewed Articles

GRANTS

Funded/Completed Extramural Grant Applications

R03 DA039372

Childhood positive affect and anger as predictors of adolescent risky behavior

PI

Total Costs \$143,500

9/15/2015-8/31/2018

National Institute on Drug Abuse

R01 HD078346

Pathways from childhood self-regulation to cardiovascular risk in adolescence

Co-I

6/1/2016-1/31/2021

National Institute of Child Health and Human Development

Extramural Grant Applications (Under Review)

R03 DA053361

Childhood and adolescent biopsychosocial processes as predictors of substance use and obesity profiles in emerging adulthood

PI

Total Costs \$145,500

National Institute on Drug Abuse

R01

Biopsychosocial influences on cardiometabolic risk from adolescence through emerging adulthood

Co-I

Total Costs \$ 3,543,244

National Institute of Child Health and Human Development

R01

Pubertal development and the psychological and physical health of girls

Co-I

Total Costs \$715,275

National Institute of Child Health and Human Development

TEACHING EXPERIENCE

Instructor

Doctoral Seminar in Grant Writing – KIN 798

Department of Kinesiology, The University of North Carolina at Greensboro,

August 2020-December 2020

Infant and Child Development - HDFS 229

Department of Human Development and Family Studies, The Pennsylvania State University,

May 2010 - July 2010

Introduction to Human Development and Family Studies - World Campus HDFS 129

Department of Human Development and Family Studies, The Pennsylvania State University,

August 2011 – August 2012 (3 semesters)

Infant and Child Development - World Campus HDFS 229

Department of Human Development and Family Studies, The Pennsylvania State University,

August 2011 – August 2012 (3 semesters)

Teaching Assistant

HDFS Internship – HDFS 495

Department of Human Development and Family Studies, The Pennsylvania State University,
Instructor: Dr. Dawn Taylor, August 2011 – December 2011

Adolescent Development - HDFS 239

Department of Human Development and Family Studies, The Pennsylvania State University,
Instructor: Dr. Mayra Bamaca, January 2011 – May 2011

Infant and Child Development - HDFS 229

Department of Human Development and Family Studies, The Pennsylvania State University,
Instructor: Dr. Sarah Kollat, January 2010 – May 2010

Infant Development - HDFS 428

Department of Human Development and Family Studies, The Pennsylvania State University,
Instructor: Dr. Cynthia Stifter, August 2006 – December 2006

METHODOLOGICAL TRAINING

Graduate Coursework in Developmental Research Methodology

- Regression
- Multivariate statistics
- Multi-level modeling
- Person-centered modeling
- Structural equation modeling
- Measurement in human development research
- Observational methodology
- Latent class/profile modeling
- Time series analysis
